This is a longstanding national coverage determination. The effective date of this version has not been posted.

Description Information

Benefit Category

Incident to a physician's professional Service

Outpatient Hospital Services Incident to a Physician's Service

Please Note: This may not be an exhaustive list of all applicable Medicare benefit categories for this item or service.

Item/Service Description

Some hydrophilic contact lenses are used as moist corneal bandages for the treatment of acute or chronic corneal pathology, such as bullous keratopathy, dry eyes, corneal ulcers and erosion, keratitis, corneal edema, descemetocoele, corneal ectasis, Mooren's ulcer, anterior corneal dystrophy, neurotrophic keratoconjunctivitis, and for other therapeutic reasons.

Indications and Limitations of Coverage

Payment may be made under §1861(s)(2) of the Social Security Act for a hydrophilic contact lens approved by the Food and Drug Administration (FDA) and used as a supply incident to a physician's service. Payment for the lens is included in the payment for the physician's service to which the lens is incident. Medicare Administrative Contractors are authorized to

accept an FDA letter of approval or other FDA published material as evidence of FDA approval. (See §80.4 for coverage of a hydrophilic contact lens as a prosthetic device.)

Cross Reference

See the [Medicare Benefit Policy Manual](#), Chapter 15, “Covered Medical and Other Health Services,” and the [Medicare Benefit Policy Manual](#), Chapter 6, “Hospital Services Covered Under Part B,” §20.4
