Manual Section Title

Vitamin B12 Injections to Strengthen Tendons, Ligaments, etc., of the Foot

Version Number

1

Effective Date of this Version

This is a longstanding national coverage determination. The effective date of this version has not been posted.

Description Information

Benefit Category

Drugs and Biologicals

Please Note: This may not be an exhaustive list of all applicable Medicare benefit categories for this item or service.

Indications and Limitations of Coverage

Vitamin B12 injections to strengthen tendons, ligaments, etc., of the foot are not covered under Medicare because (1) there is no evidence that vitamin B12 injections are effective for the purpose of strengthening weakened tendons and ligaments, and (2) this is nonsurgical treatment under the subluxation exclusion. Accordingly, vitamin B12 injections are not considered reasonable and necessary within the meaning of §1862(a)(1) of the Act.

Cross Reference

Also see the [Medicare Benefit Policy Manual](#), Chapter 1 §30, and Chapter 16 §100.
